

1 Bellevue Street Fairlight, NSW

2 1 1

Elevated Position - Sought After Location

In one of Fairlight's most desirable streets you will find this majestic home offering the charm and character of yesteryear with the practicality for today's families. The elevated position provides not only a degree of privacy but a "never to be built out" northerly aspect which allows sun to flood in throughout the year. With opportunity to extend (STCA), the home will suit the growing family or suit those with a desire to downsize after the 20 somethings have moved out! The enclosed gardens are great for kids and shops and transport are only moments away.

Price: \$2040000
